Annual Management Report
Inventory of Commercial Activities

This is the Office of Government Ethics (OGE) report detailing its management of commercial activities.

1999 Inventory Process

OGE submitted its 1999 Commercial Activities Inventory to the Office of Management and Budget (OMB) on July 20, 1999. After OMB's review the inventory was made available to the Congress and the public. OGE received a small number of requests for copies of the inventory from members of the public. There were no administrative challenges filed with OGE.

2000 Inventory Process

This year's Commercial Activities Inventory was prepared by the Office of Administration. We have identified 14 FTE's based on OMB's guidance. Upon completion of OMB's review a copy of our inventory will be available at our website located at <http://www.usoge.gov>.
